**FHM - Bureau of Health 0953**

Initiative: BASELINE BUDGET

<b>FUND FOR A HEALTHY MAINE</b>	<b>History 2011-12</b>	<b>History 2012-13</b>	<b>2013-14</b>	<b>2014-15</b>
POSITIONS - LEGISLATIVE COUNT	8.000	8.000	8.000	8.000
Personal Services	\$775,657	\$914,442	\$893,649	\$930,552
All Other	\$17,870,587	\$12,152,343	\$12,161,445	\$12,161,445
<b>FUND FOR A HEALTHY MAINE TOTAL</b>	<b>\$18,646,244</b>	<b>\$13,066,785</b>	<b>\$13,055,094</b>	<b>\$13,091,997</b>

**Justification:**

Funding in this program is used to contract for several core areas which include:

- Oral Health Services. Funding provided is often the only state funding available for dental clinics serving the underserved besides MaineCare reimbursement. These private, nonprofit, community-based clinic programs are largely dependent on revenue from patient fees, which are collected based on sliding fee scales that often do not cover the actual cost of providing care. There is occasional Federal reimbursement for dental student loan repayments for those dentists practicing in federally designated shortage areas and who serve primarily those patients with low incomes.
- Smoking cessation and prevention. Funding is used to develop messages and materials to raise awareness about the availability and effectiveness of the Tobacco HelpLine and the dangers of tobacco; develop counter-marketing media messages to prevent youth from using tobacco; provide statewide toll-free telephone counseling for tobacco users through the Maine Tobacco HelpLine; provide outreach and support for pregnant women who smoke; manage the medication voucher program; and train health care providers and tobacco treatment specialists. Nicotine replacement therapy drugs are provided to eligible individuals who receiving counseling through the HelpLine.
- The Home Visitation Program. Strengthens Maine families, ensures healthy children and nurtures healthy families by offering short and long term based support and assistance. Home visitation serves all Maine families using one of the three home visiting models: healthy Families, Parents as Teachers, or Parents Are Teachers, Too.
- Community/School Grants and Statewide Coordination. Funding helps provide educational materials for distribution to schools, health care providers, and members of the public on quitting tobacco and discouraging initiation of tobacco use; create awareness that secondhand smoke is deadly; and assist population groups who are disproportionately affected by tobacco use. A portion of funds is dedicated to grants to nine school-based health centers.

<b>FUND FOR A HEALTHY MAINE TOTAL</b>	<b>\$36,463</b>	<b>\$36,463</b>	<b>\$36,463</b>	<b>\$36,463</b>

**Justification:**

The Donated Dental Services (DDS) Program is managed by the National Foundation of Dentistry for the Handicapped (NFDH), through a contract administered by the Oral Health Program in the Bureau of Health. The DDS Program provides essential dental care to disabled, elderly and medically compromised individuals who cannot otherwise afford it and have no public or private coverage for dental care. Eligibility is determined by a referral coordinator through an application and screening process, and the dentists who voluntarily participate in this program provide their services free of charge to eligible individuals. The Maine DDS Program's budget covers the part-time Coordinator's salary, some laboratory services, technical support and training provided by the National Foundation, office equipment, telephone, postage, printing and office expenses.

**Justification:**

The Head Start program contracts with the 13 Head Start agencies in Maine. The programs deliver comprehensive health, educational, nutritional, social and other developmental services to economically disadvantaged children and their families. The Head Start agencies utilize State Head Start funds to provide the required match for Medicaid reimbursement for medically related developmental and family services such as: speech and physical therapy, early intervention programs, family services case management, and transportation costs for children with special needs. The federal Head Start Collaboration grant supports costs of the Office of Child Care and Head Start, and contracts for the development of partnerships among the state's early care and education fields.

**Justification:**

The FHM - Immunization program is used for the purchase of influenza and pneumonia vaccine. In recent years approximately 160,000 flu vaccine doses have been purchased and distributed, primarily to high-risk populations served by health centers and local public health departments as well as nursing home employees and patients. This fund has also made it possible for Maine CDC to purchase thimerosal-free flu vaccine for children.

**Justification:**

This account provides funds from the Fund for a Healthy Maine to be used to provide healthcare to Maine people through the MaineCare program. These direct healthcare services are one of the statutorily acceptable uses of the Fund for a Healthy Maine. The account provides MaineCare services to some of the children on the Cub Care Program and some parents of children on the MaineCare Expansion Program. Funds are also used for some healthcare coverage in the core MaineCare program.

**Justification:**

The Purchased Social Services program delivers of a wide array of crucial community-based social services, including child care, domestic violence, sexual assault, crime victim advocacy, homemakers, refugee resettlement social, cash & medical, elderly nutrition, transportation, family planning, children's residential, supervised visitation, and various support services for protective children and adults, and children in State custody. The Federal - Purchased Services account provides funding from 12 federal discretionary grants from the Department of Health & Human Services, the Department of Justice, and the Centers for Disease Control. The Special Revenue - Purchased Services account provides funding for all the state's Communities for Children Vista positions. A portion of the State funds are utilized to match federal programs such as Medicaid, the Child Care Development Fund Block Grant, and other DHHS and Department of Justice discretionary funding to expand services at the community-agency level.
