Justification:

The Chief Medical Examiner's office investigates all deaths that are due to other than natural disease or that cannot be certified by a private attending physician. The goal of the Office is to provide thorough investigations, to help solve crime and to support public health and public safety by providing accurate information about the cause of deaths in the state. The Office strives within its existing budget to provide timely reports to government agencies, families and other interested parties regarding the circumstantial and medical factors which cause death for the purposes of prosecution, departmental action, estate settlement, and statistical information for governmental recordkeeping and policy decisions.

The work of the Chief Medical Examiner is defined in statute and generates little discretionary spending. The Office will continue to perform the autopsy function in-house while contracting out for toxicology services, the cost of which has risen substantially. The Office has struggled for some time to try to maintain reasonable response times while staying within budget demands. Without additional funding the Office will need to scale back the level and types of services provided. There is insufficient funding in the baseline budget to continue to purchase the part-time services from two forensic pathologists who perform autopsies, with the markedly rising number of autopsies each year.

Chief Medical Examiner - Office of 0412

Initiative: Provides funding for increased payments to medical examiners as authorized in Maine Revised Statutes, Title 22, Section 3024, as amended, for medical examinations and for drawing blood, as set by policy.

The mission of the Civil Rights Team Project (CRTP) is to increase the safety of elementary, middle, and high school students by reducing bias-motivated behaviors and harassment in schools. There are Civil Rights Teams in over 160 Maine schools and training is provided to thousands of students and faculty.

The Civil Rights Team Project trains, encourages and empowers high school, middle school and elementary school students to be leaders within their school communities in confronting bias, prejudice and harassment. Faculty in-service trainings increase the responsiveness of faculty and administrators to bias, prejudice and harassment. The program works with local police and schools to foster collaboration in addressing incidents of bias and harassment and increase awareness of parents and community members. The goal of the program is to improve the school experience for members of targeted groups (racial, religious, national origin, sexual orientation, etc.)

Justification:

Historically, the eight District Attorneys' offices have handled approximately 90,000 criminal and juvenile cases per year, as well as thousands of traffic and civil violations. This caseload is carried statewide with a staff of 76 Assistant District Attorneys and eight elected District Attorneys. When traffic infractions and civil violations are factored in, as well as probation revocations, appeals to the Law Court, and other cases, each Assistant District Attorney handles very high caseloads.

The eight District Attorney offices prosecute the majority of all criminal offenses occurring in their district, with the exception of murder, including thousands of traffic infractions and civil violations.

The District Attorneys draft warrants, review police reports, screen criminal cases, prepare criminal complaints, motions, memoranda of law, legal briefs and other pleadings. They present felony cases to grand juries, argue motions, meet with police officers, witnesses and victims and try cases in District and Superior Courts. The District Attorney Offices also provide training and continuing legal education to law enforcement agencies in their districts.

Justification:

The primary mission of this program is to provide legal services for the programs administered by the Department of Health and Human Services (DHHS). The program is divided among three divisions:

The Child Support Enforcement Division represents DHHS in the area of child support enforcement. The Child Protection Division represents DHHS in the area of child protection. The work of these two divisions is done out of four offices-Portland, Augusta, Bangor, and Caribou. Attorneys and paralegals in these areas have the most persistent and heavy caseloads of any Divisions in the Office of the Attorney General.

The Health and Human Services Division provides legal representation for all other programs in DHHS, including the MaineCare program, involuntary mental health commitments, defense of lawsuits against the Department and its employees, public guardianship/conservatorship issues, licensure of homes for both adults and children, enforcement of the State's public health laws, enforcement of adult protective laws, represents DHHS's interest in federal benefits programs such as MaineCare, TANF and the AMHI and Community Consent Decree cases.

Human Services Division 0696

Initiative: Establishes one limited-period Assistant Attorney General position, one part-time, limited-period Assistant Attorney General position and 6 limited-period Research Assistant/Paralegal positions and continues one limited-period Assistant Attorney General position established by financial orders in the Human Services Division program in order to meet the increasing needs in the Child Protection Unit. These positions will end on June 6, 2015.

All Other	\$50,986	\$39,054
OTHER SPECIAL REVENUE FUNDS TOTAL	\$630,387	\$657,355

Justification:

The child protection division currently handles 1634 child protection cases (this number is a rising number - up 583 cases from October 1, 2011- May 31, 2012) which requires approximately 5715 court appearances in 29 district courts, or approximately 120 cases per week. With a current rising average of 105 cases per child protection Assistant Attorney General, the Assistant Attorneys General in Maine carry a caseload well over the American Bar Association's maximum standard caseload of 60. The American Bar Association's caseload standards indicate that a caseload of over 60 cases is unmanageable, which is a major barrier to quality legal representation, a source of high attorney turnover and reduces the ability to meet with the Department of Human Services caseworkers and supervisors.

Human Services Division 0696

Initiative: Continues 2 20-hour per week Assistant Attorney General positions created by Financial Orders 00997 F13 and 00974 F13 and reorganizes these 2 positions with 2 existing 20-hour per week Assistant Attorney General positions to create 2 full-time Assistant Attorney General positions.

OTHER SPECIAL REVENUE FUNDS TOTAL	\$144,223	\$153,442

Justification:

In fiscal year 2012-2013, the Office was asked by its client, the Department of Health and Human Services, if it could provide additional services. In order to accomplish this, the Office created two 1/2 Assistant Attorney General positions via Financial Orders #00997F13 and 00974F13. Each of these was coupled with existing 1/2 Assistant Attorney General positions to allow the Office to hire full-time employees. The two halves will now be joined to create permanent full-time positions. Also adjusts General Fund appropriations for Workers Compensation premiums and FICA tax down to reflect a slight savings obtained by combining two 20-hour per week positions into one full-time position.

Human Services Division 0696

Initiative: Transfers one Secretary Specialist position assigned to the tobacco enforcement program from the Office of the Attorney General, Human Services Division program to the Department of Health and Human Services, Health - Bureau of program.

Justification:

The Victims' Compensation Fund assists victims of violent crime by reimbursing them up to \$15,000 for certain out-of-pocket costs or losses they incur as a result of a crime. The Victims' Compensation Board, comprised of three members from Maine's legal, medical and victim services communities, determines the claims to be paid from the Fund. The Criminal Division of the Office of the Attorney General provides staff to administer the Program. The Victims' Compensation Program works closely with District Attorneys, Victim Witness Advocates, the Department of Corrections, and advocates from domestic violence and sexual assault response agencies in order to reach out and assist victims of violent crime.

All Other	\$363,357	\$363,357
OTHER SPECIAL REVENUE FUNDS TOTAL	\$363,357	\$363,357

Justification:

There is a structural insufficiency in the revenue source for this Fund. The primary source is assessments on criminals. The revenue stream has been in decline since 2007 due to a reduction in the imposition of assessments due to amendments to the criminal statutes. Activities that were formerly crimes have been decriminalized. Deferred dispositions also result in decreased revenue. Conversely, the expenditures from the fund, which assist victims to recover financially, emotionally and functionally, have risen. The responsibilities of the Fund have been expanded to include sexual assault forensic examinations and the training of the examiners. The combination of decreased revenue and increased costs and responsibilities creates the insufficiency this request addresses.

Justification:

The Maine Human Rights Commission is the State agency charged with the responsibility of enforcing Maine's anti-discrimination laws. Pursuant to 5 MRSA, ss 4551 et seq., the Maine Human Rights Commission investigates complaints of unlawful discrimination in employment, housing, education, access to public accommodations, extension of credit, and offensive names. Also by statutory mandate, the Commission endeavors to resolve complaints by informal methods of persuasion, conciliation and negotiations prior to a determination of whether there are reasonable grounds to believe that unlawful discrimination occurred. The Commission pursues court remedy only when alternative solutions have failed.

Justification:

This program uses assigned private attorneys and contract counsel to provide representation to criminal defendants, juvenile defendants, parents in child protective cases, and people facing involuntary commitment to a psychiatric hospital who are indigent. The Commission is responsible for establishing minimum experience, training and other qualifications for assigned counsel and contract counsel; establishing standards for the delivery of indigent legal services; providing training and support to assigned and contract counsel; and processing and authorizing payment of assigned counsel vouchers and other indigent case related expenses.

All Other	\$1,941,845	\$3,499,811
GENERAL FUND TOTAL	\$1,941,845	\$3,499,811

Justification:

The Commission is required to provide quality legal services to indigent people who are entitled to representation at state expense under the United States Constitution or the Constitution or laws of Maine. Representation is provided by private assigned counsel who are compensated at a rate of \$50/hr. The rate of compensation has remained unchanged since 1999. The Commission believes that an increase in the hourly rate is necessary to provide counsel with the resources necessary to provide quality representation and to maintain an adequate supply of qualified counsel. The Commission believes that the hourly rate paid to assigned counsel should be increased to \$70/hr. in FY14 and \$75/hr. in FY15. The initiative contained in the proposed budget does not provide funds to increase the hourly rate in FY14 and provides funds to increase the rate to \$55.00 in FY15.

Justification:

This initiative reclassifies one Accounting Associate I position to an Accounting Technician position to bring the job description in line with the duties of the current incumbent. This position provides paraprofessional support involving independent maintenance of all Commission accounts. This position reviews and processes accounts payable to a large number of providers, resolves accounting discrepancies and disputes, interacts with Commission staff to provide factual information and explain accounting processes, and prepares financial and statistical reports for Commission staff.

PINE TREE LEGAL ASSISTANCE

Legal Assistance 0553

Initiative: BASELINE BUDGET

GENERAL FUND	History 2011-12	History 2012-13	2013-14	2014-15
All Other	\$264,345	\$254,802	\$254,802	\$254,802
GENERAL FUND TOTAL	\$264,345	\$254,802	\$254,802	\$254,802

Justification:

Pine Tree has received an appropriation from the General Fund since 1983 to support the provision of legal assistance to low-income Maine residents around the State.

Pine Tree Legal Assistance is Maine’s primary provider of free legal services to low-income Maine residents with serious civil legal problems. It handles cases that are not eligible for court-appointed counsel through the Maine Indigent Legal Defense Commission. Legal help is provided through a network of local field offices (Portland, Lewiston, Augusta, Bangor, Machias and Presque Isle) and through several statewide projects (serving Native Americans, low-income children, low-wage workers and homeowners at risk of foreclosure). Pine Tree also operates the Maine Volunteer Lawyers Project, which leverages over \$1.6 million in donated legal services each year.

The proposed State appropriation level of \$254,802/year is needed to stabilize our statewide delivery system; it represents 21% of our general legal services funding for the year. State funding also helps us draw down other grants that can expand services around the State. (For instance, State funding provides a partial match for a \$95,000 - \$100,000/year federal grant to support a statewide taxpayer clinic. The clinic returned more than \$1.45 million in federal tax dollars to Maine taxpayers in 2012.)

Every dollar of State funding is used carefully by Pine Tree's dedicated staff in providing legal assistance to as many individuals as possible, given limited resources. Last year, Pine Tree completed work on more than 11,000 cases affecting close to 30,000 low-income Mainers. Its popular program websites recorded more than 2.2 million page views in 2012 and drew more than 711,000 “unique visitors.”

Staffing levels are now down 20% from 2009 as a result of funding losses. In calendar year 2013, the total Pine Tree operating budget of \$6 million includes revenue from 31 different sources and still projects an operating deficit of almost \$800,000.

Less than eleven percent of total funding is used for administration and fundraising in order to maximize the use of funding for direct client services. Pine Tree has voluntarily chosen to subject its operations to the highest possible standards in order to provide assurance that funding will be used carefully and effectively. Pine Tree is only one of six Maine nonprofits to have been certified by the Better Business Bureau as meeting their charitable accountability standards. Its comprehensive audits are completed each year without any material deficiencies or significant findings. Its major federal funder, the Legal Services Corporation, has recognized that Pine Tree is one of the most effective legal aid providers in the country.

Many of Pine Tree's clients are the working poor: people who work 40 hours a week in minimum wage jobs and support a spouse and children. Others are single parents trying to provide a stable family life for their children. Some are adults with significant disabilities who are struggling to live independently. The program is also a source of support for victims of domestic violence and sexual assault (especially in rural Maine). Close to 10% of client households have some form of military connection (via veterans or current service members.)

Pine Tree staff resolve most problems through simple advice, a quick explanation of the law, or negotiation to avoid a protracted and expensive lawsuit. However, when Pine Tree does go to court, it wins nine cases out of ten. In 2012, Pine Tree outcome measures showed that legal advocacy in roughly 30% of program cases secured/saved program clients almost \$5.4 million and helped them access over \$1.8 million in annual revenue (including alimony and child support.) With additional staff capacity to provide full representation around the State, these outcomes would be even more significant.

Some State funding is used to respond to requests from state legislators or administration officials regarding matters within Pine Tree staff expertise, and to serve on various advisory commissions at the request of state officials. Because of federal funding restrictions, these requests could not be handled without funding from the State.

Finally, State funding helps Pine Tree ensure that all Maine residents have a better understanding of the laws and programs designed to assist them, through an online library of more than 100 detailed legal education pamphlets on Maine laws, including interactive forms and other self-help tools at <http://www.ptla.org> to which many State agencies link. Additional self-help information and referral resources are available on other Pine Tree websites including the clearinghouse site for legal aid information in Maine (www.helpmelaw.org), specialized websites for volunteer attorneys (www.vlp.org) and low-income children (www.kidslegal.org) and Pine Tree's newest project, a national website on legal information and referral resources for veterans and military families available at www.statesidelegal.org.

In 2013, Pine Tree Legal Assistance projects a total operating budget of \$6 million, including both staff and volunteer services. As general funding support has declined, an increasing portion of revenue is derived from short-term grants for special legal needs or specific client populations.

In 2013, the State Appropriation represents 21% of Pine Tree's total unrestricted funding for general legal services anywhere in the State.
